A BUNCH OF WINNERS

Republicans of Mason County Hold Enthusiastic Convention—Strong Ticket Selected

The Republicans of Mason county assembled in solid phalanx Saturday to nominate a county ticket and to select candidates for Magistrate and Constable in the several Precincts.

The Old Guard and the younger element of the G. O. P. were on hand to the number of several hundred, and, while there may have been larger county conventions in the old Courthouse assembled to choose a county ticket, there never was a more enthusiastic meeting, with harmony and eloquence and earnestness evident in every word and action.

Chairman Andrew M. January, speaking as head of the County Executive Committee, called the convention to order, and in a few brief but well-directed words stated the object of the meeting.

Hon. Thomas A. Davis and A. F. Curran both respectfully declined the temporary Chairmanship of the convention, and the honor went to Rev. Thomas P. Degman, who accepted in a graceful speech, after which Mr. Preston D. Wells was selected as Secretary.

During the call of the Precincts several fiery and eloquent speeches were made to the edification of the assembled host, that of Major M. C. Hutchins particularly charming the convention. The Major, always ripe and ready for the occasion, painted the situation in eloquent colors; his reference to the stars and stripes hanging in the azure heavens in rainbow effulgence struck the octave of Republican exuberance and loud applause followed as the radiant old wheelhorse took his seat.

The naming of the usual Committees was dispensed with, and the convention got down to business with a unanimity and determination that boded ill for the effete Democracy of Mason county which has too long fattened and flourished at the public crib of official incapacity.

The first plum, that of candidate for Repre-

sentative, went to that staunch old citizen and Federal soldier, Colonel R. R. Maltby. The gallant Colonel, always the first to respond to the bugle call of American patriotism, arose, and in a neat and feeling speech, declined to accept the nomination, owing to his advanced years and the physical inability to make a winning canvass. Later Mr. Henry M. Cracraft, Jr., was named as the Republican candidate for Representative.

Attorney A. D. Cole, next, in a timely address, nominated the Hon. James M. Collins for County Judge. The convention made his nomination unanimous without a dissenting voice and when the polls close on November 2d it will be discovered that Mason county will make it read Judge Collins by enough ballots to the good, thus proving his running qualities and his popularity.

The nominations of the following then quickly were made:
For Circuit Court Clerk, Andrew M. January.
For County Clerk, Shelby M. Blatterman.
For Jailor, Baker Wood.
For Assessor, Thomas D. Hedges.
For Coroner, Dr. J. T. Winder.

UNHAPPINESS is an irritant. It affects the heart-beats or circulation first; then the digestion, and then the person is ripe for two hundred and nineteen diseases, and six hundred and forty-two complications.—Ex.

The wool grown annually on Missouri sheep would clothe an army of 279,029 men, but if Free Trade Democrats could have their way it would not sell for enough to pay the keep of the sheep!—Butler (Mo.) Record.

The "consumer" has certainly enjoyed a great popularity in the newspapers of late. The "producer" must feel like a criminal. But if we should all become consumers and none of us be producers, what would the world come to?—Cedar Rapids Republican.

It makes one very tired now to hear HARRIMAN extolled as a big-hearted American builder and not a wrecker. These post-mortem encomiums are all very well as flowery and senseless tributes to a human being who has gone the way of all flesh, but the unvarnished truth is that E. H. HARRIMAN was a cold-hearted bulldozing American corporation manipulator, who crushed his rivals with a merciless hand and got his millions by his devilish shrewdness and not by honest effort and industry that one would care to emulate. He was a modern "high financier," otherwise known as the commercial swash-buckler, and was totally devoid of conscientious scruples in his questionable methods of unlawful railway combinations and the piling up of his hundred million dollar fortune. These multimillionaire robbers should enjoy a corner in the hereafter all to themselves.

YOUR BACKACHE WILL YIELD

To Lydia E. Pinkham's Vegetable Compound

Rockland, Maine.—"I was troubled for a long time with pains in my back and side, and was miserable in every way. I doctored until I was discouraged, and I thought I should never get well. I read a testimonial about Lydia E. Pinkham's Vegetable Compound, and thought I would try it. After taking three bottles I was cured, and never felt so well in all my life. I recommend Lydia E. Pinkham's Vegetable Compound to all my friends."—Mrs. WILL YOUNG, 6 Columbia Avenue, Rockland, Me.

Backache is a symptom of female weakness or derangement. If you have backache, don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so safely and surely as Lydia E. Pinkham's Vegetable Compound. Cure the cause of these distressing aches and pains and you will become well and strong. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has restored health to thousands of women. Mrs. Pinkham, of Lynn, Mass., invites all sick women to write her for advice. She has guided thousands to health free of charge.

No nominations were made for Sheriff, County Attorney and Superintendent of Schools.

The Republican nominees are all well known citizens of sterling worth, ability and merit, and that there are many winners in the list is not a bad guess, seeing that the rank and file of the voters of Mason county are willing and clamorous for a new deal in our official administration.

The convention then resolved itself into a Committee of the whole to select County Magistrates and Constables, the selections being given below:

First District—James Stewart, Magistrate; Holt Slack, Constable.
Second District—L. T. Gaeke, Magistrate; M. C. Chisholm, Constable.
Third District—James A. Ross, Magistrate.
Fourth District—J. C. Stevenson, Magistrate; Harvey Adamson, Constable.
Fifth District—John C. Kirk, Magistrate; Jake Walker, Constable.
Sixth District—Fred Grover, Magistrate; William Wells, Constable.
Seventh District—Passed.
Eighth District—W. H. Hook, Magistrate; Joseph Bradford, Constable.

EVER HAVE IT?

If You Have, the Statement of This Mayville Citizen Will Interest You

Ever have a "low-down" pain in the back? In the "small," right over the hips? That's the home of backache. It's caused by sick kidneys. That's why Doan's Kidney Pills cure it. Mayville people endorse this. Read a case of it:

Frederick Drael, 1238 East Second street, Mayville, Ky., says:

"I consider Doan's Kidney Pills to be a most excellent remedy for kidney trouble and am only too glad to speak in their praise. About five years ago I was bothered by weak kidneys and the secretions were scanty and attended with pain during passage. Severe pains across the small of my back were frequent and at times greatly interfered with my work. While telling a friend of my condition, he advised me to use Doan's Kidney Pills and I procured a box at J. J. Wood & Son's Drugstore. I used them according to directions and they afforded me prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Playgrounds Make Better Men and Women—Insurance Policy For Noble Citizenship

The author of the Massachusetts Playground Bill, which became a State law last year and established a precedent that other States may follow, has outlined six reasons why large towns and all cities should have playgrounds for the recreation and physical education of children and grown-ups. The law provides that each city and town of Massachusetts having a population of 10,000 or more shall present the question of providing such recreation centers to its voters who shall decide under the referendum feature whether or not to accept the law. Twenty-three of 25 cities that have already voted have accepted the act by approximately 125,000 in favor to 27,000 opposed.

The author of the bill is Representative Ralph Davol of the Massachusetts Legislature. He advocates playgrounds "as an insurance policy for future good citizenship," and maintains that for the following reasons "clear thinking persons will see that towns and cities failing to provide suitable playgrounds are guilty of criminal economy." His reasons are:

First—Minors have certain inalienable rights. A municipality must recognize the rights of children to express their natural happiness under police protection. Now it is unlawful to play in the streets or trespass on private land.

Second—The increasing automobile menace is obvious to all. Children on the highway are inviting catastrophe. The recreation field is a precautionary and protective measure to children.

Third—Organized sports have a moral influence. "Crime is a question of athletics." By creating interest in wholesome sports it seems reasonable that the hoodlum may be brought to a more moral respect for law and decency. There should always be a supervisor to keep the players clean-tongued.

Fourth—One of the greatest sins of America is the waste of health, the most valuable asset as individual possessions. The physical development of youth is as important a concern of a town or city as the mental development. The athletic field is equal in importance with the schoolhouse. There is no more efficient method of stamping out tuberculosis than this. One of the fundamental natural laws which all must learn to obey is to exercise systematically and abundantly in the open air. Compulsory outdoor exercise will some day be a part of Young America's curriculum. And the girls must have a playground devoted to their interest. Mrs. Taft says: "To be a mother of sweet, healthful children is greater than to be mistress of the White House."

Fifth—Children learn to know one another better in the playground and field than in the classroom. The give and take of physical competition develops a knowledge of human nature that serves in after years. Red blood carapaces are the foundation of all kinds of success.

Sixth—The concentration of population is increasing constantly so that available breathing spaces are becoming scarcer as time goes on. Hence the money consideration involved in immediate action.

Perfection Flour

At the Extremely Low Price of.... \$6 Per Barrel

This brand of Flour has been my leading brand for twenty years and I have sold it continuously during that time. I have always felt safe in recommending it as being the VERY BEST that can possibly be made. I AM DOING SO NOW. You make no mistake when you buy it. First-class wheat is scarce and prices advancing. Flour will go higher, and this special price may be withdrawn at any time. My advice is to BUY NOW.

The Jewish holiday, the Festival of Tabernacles, known also as the Harvest Festival or Festival of Ingathering, begins at sundown October 8th and continues for eight days. The closing days are known as the Festival of Conclusion, because they bring to an end the entire season of holidays of the Jews.

There is only one steamboat running above Pomeroy, and that is the transfer steamer French at Parkersburg.

The Sprague, the largest towboat on inland waters, plying between Louisville and New Orleans, is being exhibited in miniature in Pittsburgh, at an exposition.

The Pomeroy pilots report 20 snags that are dangerous to navigation, especially during the low water season. Among those reported are three dangerous snags at the wharfboat at Higginsport; two at Brooks' Bar, two near the mouth of Bull Creek, one in channel opposite Alex Run and one just below Cabin Creek landing.

Colonel William T. Russell, in charge of the works and improvements on the Ohio river, has accepted the position of division engineer at New York City to succeed Colonel Dan W. Lockwood. Lieutenant Colonel J. G. Warren, at present in charge of the works and improvements on the Kentucky, Maskingum and Big Sandy rivers, and the station at Louisville of the Ohio river work, will temporarily assume Colonel Russell's work in addition to his own.

The trip planned for President W. H. Taft, to start from St. Louis for New Orleans October 30th, is creating a demand for the better and heavier class of packets lying on Western waters. Overtures have been made for provisional charters for the Queen City and the Ohio, boats of the Cincinnati-Pittsburgh line. The Queen City is laid up at Steubenville on account of low water, and the Ohio is taking advantage of the low water condition to make repairs. In the absence of a rise neither of the packets would be available.

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Many of the places which are vacant pay \$60 and \$65 a month.

STOPS SHEEP KILLING

A Pike county farmer solved the sheep killing dog problem in a successful way. After he had lost thirty he built in the pasture a square pen of logs and roofed it, but left a big hole in the middle in which he suspended a part of a sheep. Nearly every morning when he went to the pen he found one or more dogs in there, which he quietly put out of business. In the course of the winter, he caught about forty dogs and didn't lose any more sheep. Moreover, he kept on good terms with his neighbors, which is a hard thing to do if you shoot their dogs and go around bragging about it.

ROYAL BLUE

For Laundry Use.

Is a very high grade of Blue and specially prepared with the utmost care. Gives clothes a bright, fresh shade, with a beautiful lustre. It does in no way streak the clothes, as these cheap, inferior grades do. Many of the finest laundries throughout the country use this Blue daily with perfect satisfaction. You will like it.
One ten cent powder, put into a quart of clear fresh water, will make you as much excellent Blue in liquid form, as you pay 50 cents for, and of a much better quality. You can make half a pint of excellent Blue ink by dissolving the powder in half pint of water. Prepared by
